

Buzzsaw Wasp & Hornet Killer

Product # 8401

Kills and repels stinging insects

This powerful aerosol features two key ingredients to make it one of the most versatile insecticides available. The first ingredient, Tetramethrin, provides fast knockdown to kill insects on the spot. The other ingredient, Phenothrin, offers excellent residual action that creates an invisible barrier on surfaces to keep them from returning. It also features high dielectric strength, so it's safe to use around electrical equipment, and its "shotgun action" can hit insects and hives up to 20 feet away.

Use indoors and outdoors:

- Around Electrical Equipment
- Cracks And Crevices
- Attics
- Eaves
- Porches
- Patios
- Power Lines
- Window Frames

Effective Against

- Flying Wasps
- Hornets and hornets nests
- Yellow Jackets
- Bees

Features and Benefits

- Shotgun-type blast kills from up to 20 feet away.
- Use both outdoors and indoors, wherever wasp and hornets build nests.
- Formulated with Tetramethrin for fast knockdown and Phenothrin for long-lasting residual action.

Properties

Appearance.....	Colorless liquid
Fragrance.....	Solvent
Specific gravity.....	0.81
Dielectric Strength.....	41,000 volts
Propellant.....	Carbon dioxide
Spray Pattern.....	20 foot shotgun blast

Directions Complete directions on product label

Spray nest until thoroughly saturated. Nest may be removed 24 hours after spraying.

Authorizations

EPA registered product

Active Ingredients

	Amount Active
Tetramethrin	0.20%
Phenothrin	0.125%

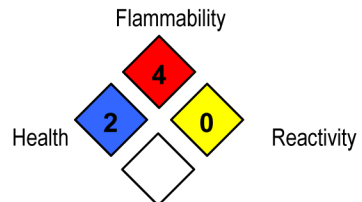

Safety

Caution: Harmful if swallowed. Keep out of the reach of children
