

Fresh Clean

Product # 1442

Waterless hand cleaner with Micro-Scrubbers

This waterless hand cleaner is formulated to remove ground-in dirt, grease and grime from even the most delicate hands. Special spherical micro-scrubbers are added to gently penetrate the pores and extract ground-in soils. Unlike pumice, which can scratch and irritate your skin, micro-scrubbers are designed not to scratch skin or cause irritations. In addition, a special dry-emollient system conditions and softens overworked hands without leaving behind a residue.

Features and Benefits

- Tough, hard-working micro-scrubbers quickly lift grease and organic material off hands.
- Non-irritating formula leaves your hands feeling soft and clean.
- Enriched with emollients to protect your skin after cleaning.
- Can be used anywhere, even where there is no water available for rinsing.
