

Fast-drying cold solvent degreaser

This powerful solvent cleaner and degreaser is designed to safely remove grease, oil and tar from metal parts, instruments, machinery and tools. Since it is non-conductive and possesses a high dielectric strength, its ideal for use around energized electrical equipment. Its non-flammable formula also makes it perfect for use in areas where fire hazards are a problem.

Use On:

- Aluminum
 - Fiberglass
 - Motors
 - Points
 - Adding machines
- Stone
 - Painted surfaces
 - Printed circuits
 - Engines
 - Typewriters
- Concrete
 - Some plastics
 - Fuse panels
 - Printing presses
 - Vending machines

Effective Against

- Grease
 - Carbon dust
 - Ink
- Grime
 - Brake fluid
 - Wax

Features and Benefits

- High dielectric strength makes it ideal for use around operating electrical equipment.
- Non-flammable formula ideal for use in areas where reduced fire hazard is important.
- Dries clean with no residue.

Properties

Appearance.....	Clear liquid
Fragrance.....	Solvent odor
Specific gravity.....	1.46
Flash point.....	>200° F
Dielectric Strength.....	30 kV
VOC content.....	>90% by wt.
Application.....	Emersion, spray or wipe with a cloth

Directions Complete directions on product label

- Spray or submerge electric motors to flush out grease.
- Spray and wipe or spray cloth and wipe any greasy surface.
- Test before using on plastics.

Active Ingredients

Trichloroethylene

CAS Number

79-01-6

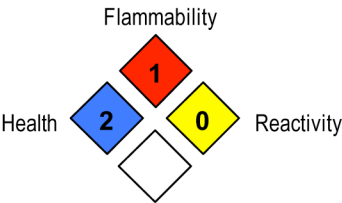

Safety

Caution: Vapor harmful. Harmful if swallowed. Eye and skin irritant. Keep out of the reach of children.

DOT Shipping (ground transportation)

Proper Shipping Name:	Trichloroethylene
Class:	6.1
ID Number:	UN1710
Packing Group:	III

NFPA RATINGS

Quantities

- 30, 35 & 55 gallon
- 5 or 6 gallon
- 6 X 1 gallon
- 4 X 1 gallon
