

Graffiti Barrier

Product # 333

Sacrificial Graffiti-Protection Barrier

Graffiti Barrier is a clear, odorless liquid that can be applied to nearly any non-porous surface to provide a protective barrier against graffiti. After it's applied, it dries to a clear film, which protects against spray paint, marker, pen and other substances. Once defaced, the barrier is easily removed with no damage to the surface. The thickened formula adheres to vertical surfaces, and is water-resistant, allowing for some outdoor applications. It will not affect signs' reflective properties, and will not yellow.

Use on:

- Signs
- Soda machines
- Enamel
- Lockers
- Doors
- Powder coated surfaces
- Restroom partitions
- Walls
- Electroplate
- Windows and mirrors
- Surfaces that cannot be repainted
- Plastic

Note: Not for use on wood, painted and other porous surfaces.

Protects against:

- Spray paint
- Marker
- Pen

Features and Benefits

- Creates a crystal-clear barrier to protect surfaces from graffiti
- Printable and spayable liquid formula can be applied to most any non-porous surface.
- Water-resistant formula
- Rinsable for easy removal and reapplication.

Properties

Appearance.....	White Liquid
Fragrance.....	Mild
Ready to Use.....	Yes
pH.....	7.0-8.0
VOC content.....	<1.0% by wt.

Directions

Complete directions on product label

Mix well before using. Apply a thin layer onto a clean, non-porous surface and allow to dry to a clear film "barrier". If the barrier becomes defaced, simply remove the film by peeling or with a water rinse and agitation. Reapply a new barrier once the surface has dried. Note: In exterior application, the barrier may wash away under extended or heavy rains.

Active Ingredients

Water.....
Vinyl Alcohol Polymers and Copolymers.....
Polyglycol ester.....
Triethanolamine.....
Poly (oxyethylene) nonylphenol.....

CAS Number

7732-18-5
Mixture
Proprietary
102-71-6
9016-45-9

Safety

Caution: May cause eye and skin irritation. Keep out of the reach of children.
