

Water-rinsable industrial degreaser

Developed to safely remove grease, oil, cosmoline and tar from motor, chassis, tools and parts. Use directly from the container or diluted with water, it works quickly without causing corrosion under normal conditions. Made from a blend of natural and synthetic compounds that combine to produce a remarkably effective product. Natural citrus extracts produce incredible solvency to cut through the most difficult oil, grease and tar deposits. Biodegradable rinse additives suspend grease, grime and soils in water to complete the cleaning/degreasing process.

They are so quick and effective they are perfect to use on:
