

DESCRIPTION

This powerful cleaner-degreaser has an incredible zero rating in the three NFPA categories of flammability, health, and reactivity when diluted. It is so safe it can be used on virtually any surface, including metal, plastic, wood, painted surfaces, fiberglass, rubber, fabrics, carpet, ceramic, and glass.

While gentle on surfaces, it is strong enough to remove heavy dirt, grease, grime, oil, scuffs, shoe polish, food deposits, adhesives, stains and soils. It also leaves surfaces smelling clean with a fresh, pleasant scent.

CAUTION

Avoid contact with eyes. Wash thoroughly after handling.

FIRST AID:

IF SWALLOWED: Contact a physician or poison control center immediately. DO NOT induce vomiting.

IF IN EYES: Flush eyes with water for at least 15 minutes. If irritation is persistent, contact a physician.

IF ON SKIN: Wash skin with soap and water. Remove all contaminated clothing and laundry separately before reuse. If irritation is persistent, contact a physician.

IF INHALED: Move person to fresh air. If irritation is persistent, contact a physician.

See *M.S.D.S.* for complete safety information.

KEEP OUT OF REACH OF CHILDREN

HANDLING AND STORAGE: Keep container tightly closed when not in use. Avoid excess heat and open flame. Do not store in unmarked containers. Rinse empty container before recycling.
