

# AUTOMATIC POWDER

Product # 664

*Dish detergent with chlorine*

This heavy-duty powder features a low-foaming, biodegradable formula designed for use in automated glass washing machines. It combines a powerful blend of cleaning agents and 2% chlorine to quickly cut through grease, hard-water deposits and residues on glassware, porcelain, metal, plastic and earthenware.

## Use On:

- Glass
- Crystal
- Plastic
- China
- Stainless Steel
- Copper

## Effective Against:

- Grease and oils
- Heavy beverage buildup
- Lipstick
- Soils and stains

## Features and Benefits

- Low foaming powdered detergent developed for automated glass washing machines.
- Powers away various soils, residue and oils to leave glassware sparkling clean.
