DOUBLE DUTY GLASS CLEANER FOR MANUAL BRUSHES

**GIVES PERFECTLY CLEAN GLASSWARE
WITH MANUAL BRUSH WASHING**

DISSOLVES LIME BUILD-UP, WATER SPOTS

Richco® **DOUBLE DUTY** Glass Cleaner has the power you need to remove stubborn lime film and water spots with manual brush washing. It lifts away beverage residue, lipstick, dirt, grease and oil film to give perfectly clean glassware. This formula is mildly acidic (like human skin) so it won't irritate hands.

Use Richco® **DOUBLE DUTY** for sparkling, crystal clear glasses that hold a firm, well-knit head on beer. Serve your customers their favorite beverage with its true, natural taste and full, rich aroma!

DIRECTIONS FOR USE

For washing with manual (non-motorized) brushes, use 3/8 ounce of Richco® **DOUBLE DUTY** to 3 gallons of warm water in the first tank. (One stroke of a Richco gallon pump dispenser gives 1 ounce.)

Rinse glasses with clear water in the second tank.

In the third tank, sanitize glasses in accordance with governing sanitary code.

For perfectly clean and sanitized glasses, use Richco® **SC SANITIZING RINSE** or **BOCK SANITIZING RINSE**.

Allow the sanitized glasses and utensils to air dry on a rack or drainboard. Do not towel dry.

CAUTION

May be harmful if swallowed. May irritate eyes and mucous membranes. Avoid contact with eyes or mucous membranes. If splashed in eyes, flush eyes and under eyelids with plenty of cool water. If irritation persists, obtain medical attention. If swallowed, give person several glasses of water and induce vomiting. Call a physician immediately.
