

Multifunctional fuel additive

All types of engines run clean and more efficient with the help of this additive. Special detergents remove clogging deposits from fuel-injector systems and clean away the gum and corrosion deposits from fuel tanks and carburetors. It also lubricates cylinder walls and eliminates severe wear of fuel-delivery systems. It works with all vehicles, including those with catalytic converters and computer-controlled engines.

Effective Against

- Deposits and clogs
- Gums and varnish
- Corrosion

Features and Benefits

- Keeps gasoline engines running cleaner and more efficiently.
- Extends engine life.
- Reduces intake valve, carburetor, and port fuel injector deposits.
- Provides upper cylinder lubrication under cold starting conditions.
- Reduces emissions
- Rust & corrosion protection for fuel system
- Good water removal

Properties

Appearance.....	Colorless liquid
Fragrance.....	Solvent
Specific gravity.....	0.86
Flash point.....	118° F
Stability.....	1 year
Solubility.....	Insoluble in water

Directions Complete directions on product label

Use 12 ounces for every 20 gallons of gasoline. In bulk storage tanks, use 2-3 gallons per 1,000 gallons of gasoline fuel.

Active Ingredients

Light Aromatic Solvent Naphtha	
Hydrocarbyl amine.....	
Hydrocarbon solvent.....	
Petroleum naphtha.....	
Polyether amine.....	

CAS Number
